Challenge No 6

My Easy Cleaning Routines

By Anita E Kohli

I have two of these and use them for teaching and hobby clutter, furniture and on wall area within reach. It's so quick, it's like waving a magic wand!

It's called anti-static, but generates static, so I'm careful to switch off appliances before using it. I wash it gently once in a way, with soap and water.

I took time to get used to the V Broom by Gala as I was used a broom. It was worth it as it's no-bend sweeping and reaches corners and under furniture.

It's also great for floor and lower-level-tile wet bathroom cleaning.

Using a stick mop: Mop using a figure 8 motion.

GOALS

EASIER CLEANING WITH LESS BENDING

This challenge might give you less of a workout, but it will, I hope make your floor cleaning and dusting quicker and easier. Organizing cleaning routines with less bending really helps on days you're not feeling too good and still can't take a break because the pollution and dust levels in your locality are too high.
